

ORGANIZATION

Houston Area Community Services, Inc (HACS) is the largest Minority HIV/AIDS Prevention and Care provider within the City of Houston, offering health, social, and advocacy services to Houston and surrounding counties.

CHALLENGES

- Streamline and protect medical record and private health information (PHI) collection
- Employ a single data collection system which can export data into other government data systems
- Streamline time reporting workflow

SOLUTION

N-Care™ and N-Care Scheduler™

RESULTS

- Simplified data entry reducing errors and training time for new employees
- Protected PHI using industry standard encryption

TECHNOLOGIES

- C# / VB.net
- SQL Server 2005
- Crystal Reports

REFERENCE

“Novasys continues to be instrumental to the success of our organization providing excellent support and service”

– M. Wilkins
